Standard tips for personal protection

- Frequently and thoroughly wash your hands with soap and water for at least 20 seconds. If soap and water are not available, use hand sanitizer with at least 60% alcohol.
- Cover coughs and sneezes with a tissue, then throw the tissue in the trash, or use your inner elbow or sleeve.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Stay home if you're sick and keep your children home if they are sick.
- Clean surfaces in your home and personal items, such as cell phones, using regular household products.
