FOR IMMEDIATE RELEASE

## **Code Ninjas Franchise Opens to Provide Engaging, Tech-Driven Programs for Kids**

**New Coding and STEM Camps Keep the Fun and Learning Going All Summer Long**

Mechanicsburg, PA — June 10, 2021 — Code Ninjas Harrisburg/Mechanicsburg, with the Mechanicsburg Chamber of Commerce, celebrated the long awaited announcement of their opening of a “kids only”, Tech-Driven, New Coding, and STEM Learning center.

The Mechanicsburg Chamber of Commerce, Hampden Township officials, along with ownership, staff and students of Code Ninjas gathered for an official ribbon-cutting ceremony.

Located at 65 Gateway Drive, Mechanicsburg, this modern learning center started a journey to open its doors in 2020, but had to press pause due to the COVID-19 pandemic. However, they continued to stay focused on the programming they would offer in preparation to open as soon as possible. Code Ninjas is now home for multiple offerings geared towards kids’ activities.

“This summer we are on a mission to encourage kids in Central PA to explore coding and technology, and have a blast along the way,” said franchise owner Priya Iyer. “At Code Ninjas, we are creating a new generation of kids who are not only learning technology, but are gaining critical thinking and problem solving skills that will transfer to their future careers”

Code Ninjas Harrisburg/Mechanicsburg, a coding center for school-aged children in Central PA, is encouraging kids to engage their minds and have an exciting learning adventure at their summer camps. Participants can dive into fun, challenging, and rewarding topics – like game development, coding, apps, drones, and robotics – that unlock their potential and develop skills they never knew they had. This year, Code Ninjas Harrisburg/Mechanicsburg is offering a brand-new lineup of technology-driven summer camps to bust boredom and keep the fun and learning going year-round.

Code Ninjas, The Center is open Wednesday – Friday 3:30pm – 7:30pm & Saturday 10:00am – 3:00pm. For more information on programs and summer camps, visit - <https://www.codeninjas.com/pa-harrisburg/>
