Topics

Many employers and claimants have difficulty understanding the process UC uses to determine an employee's eligibility for benefits after voluntarily leaving or being discharged from a job. This presentation explains how the service center discovers the person quit or was discharged, the fact-finding process, burden of proof, the factors that are considered when making a determination, and appeal rights.

Our seminar will explain the process the UC Service Center follows when investigating and issuing determinations relating to quits and discharges, including:

- What are the steps taken in the fact-finding process?
- How is a ruling issued without fact-finding information from a party?
- What factors determine if a separation is a quit or a discharge?
- What determines burden of proof?
- How are certain exceptions under the federal Trade Readjustment Act factored into determinations?
- What additional steps are available if there is a disagreement with the determination?

Questions & Answers

Our skilled professionals will be available to answer your questions and help you to better understand everything about the UC program.

2026 Virtual Early Learning Conference

March 9-13, 2026

This one-of-a-kind conference is meeting the needs of South-Central Pennsylvania by providing early education professionals with important training. The 2026 Virtual Early Learning Conference presented by The Foundation for Enhancing Communities (TFEC) is an online asynchronous learning opportunity for any professional that supports young learners. Participants can expand their professional growth through the PDE and PQAS credits awarded all for an affordable \$50 registration fee.

As Pennsylvania experiences a teaching crisis, this year's conference puts an emphasis on helping underserved populations. The Virtual Early Learning Conference has community-informed sessions that empower those leading the charge in education. For example, the course on ASL communication with nonverbal students and infants/toddlers will help foster new connections with students. Other sessions take on topics such as the dangers of screentime and the ways that international literature can unlock new methods of teaching.

During her meetings with TFEC's Early Education Task Force, Michelle was ecstatic to realize that the needs of her community partners were directly reflected in the conference. Additionally, early education centers across Pennsylvania are in a battle against children's screen time. Our conference gives professionals tools to aid in that fight.

TFEC hosted over 200 attendees during the previous year's conference. Participants said they took back real-world skills that helped them support the little learners in their lives. This asynchronous opportunity allows participants to watch the courses at their own speed within the timeframe. Attendees will earn continuing education credits and develop new skills to take back to the community!

THE FOUNDATION FOR ENHANCING COMMUNITIES

Grant Applications Now Open to Support South Central Pennsylvania Nonprofits

The Foundation for Enhancing Communities (TFEC) is now accepting applications for Grant Cycle 2, offering funding opportunities to nonprofits serving South Central Pennsylvania.

Eligible nonprofits can review guidelines and apply at www.tfec.org. The application deadline is Friday, May 1, 2026. Nonprofits with questions about application or eligibility for available competitive grants can learn more by emailing grants@tfec.org.

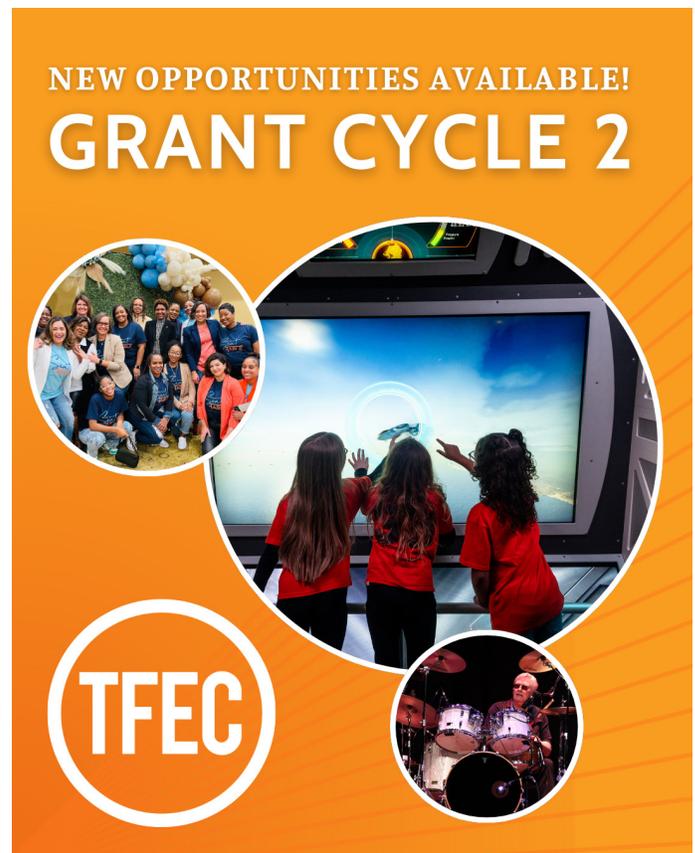

These funds support programs that strengthen families, expand access to education and health care, address basic needs, protect the environment and enrich communities through the arts.

“Every grant awarded represents an investment in our community,” said Jennifer Doyle, president and CEO of TFEC. “When local nonprofits have the resources they need, they can respond to real challenges, meet people where they are and create lasting impact.”

Grant Cycle 2 is open to eligible nonprofits serving Cumberland, Dauphin, Franklin, Lebanon and Perry counties, as well as the Dillsburg area. Funding priorities reflect the charitable goals of donors who partner with TFEC to make a difference close to home.

“When nonprofits thrive, our communities thrive,” said Stefani McAuliffe, vice president of community impact at TFEC. “In 2025 alone, more than \$9 million in grants helped organizations expand services, launch new programs and reach more people. That investment strengthens families, supports economic stability and improves quality of life across South Central Pennsylvania.”

Community change begins with people who care. TFEC is powered by private generosity, not government funding, which means individuals, families and businesses can shape the future of their own neighborhoods. By starting a charitable fund, donors can turn their values into lasting impact and strengthen the place they call home. To learn how to begin, connect with Kim Alvarez, Vice President of Philanthropy at TFEC, at philanthropy@tfec.org.

SBA Offers Disaster Relief to Pennsylvania Small Businesses and Private Nonprofits Affected by Rainfall

Low interest disaster loans now available

U.S. Small Business Administration

The [U.S. Small Business Administration \(SBA\)](#) announced the availability of low interest federal disaster loans to small businesses and private nonprofit (PNP) organizations in Pennsylvania who sustained economic losses caused by the rainfall beginning May 2-July 17, 2025.

The disaster declaration covers the counties of Adams, Cumberland, Dauphin, Franklin, Perry and York.

Under this declaration, the SBA's [Economic Injury Disaster Loan \(EIDL\)](#) program is available to eligible small businesses, small agricultural cooperatives, nurseries, and PNPs with financial losses directly related to this disaster. The SBA is unable to provide disaster loans to agricultural producers, farmers, or ranchers, except for aquaculture enterprises.

EIDLs are available for working capital needs caused by the disaster and are available even if the small business or PNP did not suffer any physical damage. The loans may be used to pay fixed debts, payroll, accounts payable, and other bills not paid due to the disaster.

“Through a declaration by the U.S. Secretary of Agriculture, SBA provides critical financial assistance to help communities recover,” said Chris Stallings, associate administrator of the Office of Disaster Recovery and Resilience at the SBA. “We’re pleased to offer loans to small businesses and private nonprofits impacted by these disasters.”

The loan amount can be up to \$2 million with interest rates as low as 4% for small businesses and 3.625% for PNPs, with terms up to 30 years. Interest does not accrue, and payments are not due until 12 months from the date of the first loan disbursement. The SBA sets loan amounts and terms based on each applicant’s financial condition.

To apply online visit sba.gov/disaster. Applicants may also call SBA’s Customer Service Center at (800) 659-2955 or email disastercustomerservice@sba.gov for more information on SBA disaster assistance. For people who are deaf, hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

The deadline to return economic injury applications is Sept. 29, 2026.
